

AMPLIFY: YOUTH PEACE IN THE DIGITAL AGE

IYC13 Youth Action | May 2026 | Yaoundé, Cameroon

Amplify Peace Pledge Drive - SDGs 4, 16 & 17

SCHOOL PARTNERSHIP & ENGAGEMENT FORM

Why This Matters

On May 2026, young people across Cameroon will raise their voices for peace and the world will be listening. **Amplify: Youth Peace in the Digital Age** is youth-led hybrid action whose outcomes will be formally presented at the **13th International Youth Conference in Los Angeles, May 21–24, 2026**. This is your institution's opportunity to stand alongside Cameroon's youth on the international stage.

Taking place just before Cameroon's Unity Day on May 20, Amplify is a proud expression of national unity. The **Amplify Peace Pledge Drive** invites young people aged 13–35 to publicly commit to building peace in their communities - in their choices, their words, and their actions, online and offline. All signatory names and their institutions will be **published publicly** as a lasting record of Cameroonian youth commitment to peace and justice. Your institution will be among them.
